Squishy Colour Matching Game

Recommended for ALL ages

Resources / Ingredients:

- Zip Lock bag
- Hair gel / flour mix with water / Hand sanitiser
- 2 different colour buttons/tokens
- Marker
- Sticky Tape

Instructions:

1. Gather all resources.
2. Draw circles with two colours and you can also write the colours names.
3. Squeeze your hair gel into one sealable zip lock bag. Put enough in there so that there will be good coverage once the bag is lying flat.
4. Seal the bag really, really well. You could double bag it to seal it better.
5. Insert two colours of buttons into each sensory bag and taped it to the table.
