

ONLINE AT THE Y

Learn, create, do something new by learning with the Y from your home

Recycled Materials Dream Catcher

Recommended for ALL ages

Resources / Ingredients:

- Yarn
- CDs
- Scissors
- Beads
- Sharpie Markers

Instructions:

1. Cut a piece of yarn, then, tie it to your cd.
2. Wrap your yarn an odd number of times around your CD. Be sure to pull the warp strings tight. Tie your string in place.
3. Start weaving, cut out a piece of yarn, tie it to your warp string on the back. Thread the string through the hole to the front side.
4. Weave, moving over one warp string and then under the other warp string.
5. Repeat the process making sure to pull the string tightly as you go.
6. To switch strings, tie the new yarn to the old yarn and then trim the strings, leaving a little bit of ends left. Hide the ends under your weaving and no one will be able to know that it's there.
7. When adding beads, be sure to add one at a time.
8. Keep on going. When finished, tie your string to a warp string and hide excess bits under your woven circle.
9. Use a Sharpie to add your final touches.
